THE  
Darkness and the Light

Are both alike to the man who cannot  
see and two sets of clothes of opposite  
merits are both alike to the man who  
is not a qualified judge.  
We offer two guarantees to the pur-  
chaser of clothing who is unable to  
discriminate in regard to quality or  
merit. One is the strictly

ONE-PRICE SYSTEM  
We were the first to inaugurate in the  
clothing business of Washington. The  
other is the necessity we are under for  
a continued

INCREASE OF BUSINESS,  
Which can only be insured by a system  
of comparatively low prices. The con-  
sequence has been, as we foresaw, a  
steady and regular accretion of

NEW BUSINESS.  
Every department of our establish-  
ment is still filled with goods adapted  
to the requirements of the

WARM SEASON  
Now upon us until the middle of Sep-  
tember.

Department A—Rubber Goods.  
Department B—Men's Clothing.  
Department C—Furnishing Goods.  
Department D—Hats and Caps.  
Department E—Boys' Clothing.  
Department F—Fine Tailoring.  
We believe we can please you in any  
of these separate departments; but, in  
any event, we would like to have the  
privilege of trying.
